

Jeb Dunnuck - The Wine Advocate : Octobre 2015

An up and coming estate to watch, that continues to produce a bevy of solid wines. Domaine Roche-Audran was created in 1998 by winemaker Vincent Rochette and contains plots in Visan, Buisson, and Châteauneuf-du-Pape.

Domaine Roche-Audran - Chateauneuf-du-Pape 2014

A Proprietary Blend Dry Red Table wine from France, Chateauneuf du Pape, Southern Rhone, Rhone, France

Rating : 89-90

« The 2014 Châteauneuf du Pape (mostly Grenache) reveals a medium-ruby color to go with perfumed kirsch, wild strawberry, white pepper, and rose petal aromas and flavors. Medium-bodied, floral, elegant and lively, it has outstanding potential and excels on its purity and silky texture. I'm a fan».

Domaine Roche-Audran - CESAR 2014

A Proprietary Blend Dry Red Table wine from France, Chateauneuf du Pape, Southern Rhone, Rhone, France

Rating : 89-91+

« A step up and much mineral-driven, the 2014 Châteauneuf du Pape Cesar exhibits lots of black and blue fruits, earthy, wet rock-like minerality and ample ground herbs in a medium to full-bodied, structured, yet balanced package. It could be one of the few 2014s that will benefit from short term cellaring ».

Domaine Roche-Audran - MARIUS 2014

A Proprietary Blend Dry Red Table wine from France, Chateauneuf du Pape, Southern Rhone, Rhone, France

Rating : 89-91

The 2014 Châteauneuf du Pape Marius Le Pere Mayeux has outstanding potential in its Grenache-dominated bouquet of raspberries, flowers, red plums and mint. Medium-bodied, fresh and lively with no hard edges, it should drink well on release.

Domaine Roche-Audran - CESAR BLANC 2014

A Proprietary Blend Dry Red Table wine from France, Chateauneuf du Pape, Southern Rhone, Rhone, France

Rating : 89

Domaine Roche Audran's 2014 Châteauneuf du Pape Blanc Cesar has bright, racy acidity that gives lift and cut to its tropical fruits and butter, grapefruit-like aromas and flavors. Medium-bodied, elegant and classy with building richness, it's a very well made white that will drink nicely for at least 4-5 years.
